Introduction re the Neurosecretion Symposium

Report by J Benoit & I Assenmacher entitled "Rapport entre la stimulation sexuelle préhypophysaire et la neurosécrétion chez l'Oiseau." This report is written in French.

Report by Bertil Hanström entitled "The neurohypophysis in the series of mammals." This report is written in English.

Report by Karl Georg Wingstrand entitled "The ontogeny of the neurosecretory system in chick embryos." This report is written in English.

Report by Ernst Scharrer entitled "Neurosecretion in the vertebrates: a survey" This report is written in English.

Report by W Bargmann entitled "Die endokrine Funktion neurosekretorischer Zellen bei Wirbeltieren." This report is written in German.

Report by Valdo Mazzi entitled "I fenomeni neurosecretori nella femmina del Tritone crestatto in condizioni sperimentali." This report is written in Italian.

Report by Gerhard Zetler and Walther Hild entitled "Über die neurosekretorische Tätigkeit des hypothalamisch-neurohypophysären Systems der Säugetiere." This report is written in German.

Report by F Stutinsky entitled "La neurosécrétion chez l'Anguille normale et hypophysectomisée." This report is written in French.

Report by Giacomo Azzali entitled "Ricerche sulla neurosecrezione negli animali ibernanti." This report is written in Italian.

Report by André Stahl and Raymond Seite entitled "Cytologie des cellules nerveuses de l'hypothalamus." This report is written in French.

Report by S Zuckerman entitled "Hypothalamic anterior pituitary relations." This report is written in English.

Report by Ellen Thomsen entitled "Experimental evidence for the transport of secretory material in the axons of the neurosecretory cells of *Calliphora erythrocephala* Meig." This report is written in English.

Report by Mathias Thomsen entitled "Observations on the cytology of neurosecretion in various insects (Diptera and Hymenoptera)." This report is written in English.

Report by J J Bounhiol, M Gabe and L Arvy entitled "Données histophysiologiques sur la neuro-sécrétion chez *Bombyx mori* L et sur ses rapports avec les glandes endocrines." This report is written in French.

Report by Luigia Grandori and Enrica Care entitled "Studio anatomo-istologico sul sistema neurosecretore in *Musca domestica* e *Calliphora erythrocephala*." This report is written in Italian.

Report by Francis G W Knowles entitled "Neurosecretion in the tritocerebral complex of crustaceans." This report is written in English.

Report by Dorothy E Bliss, James B Durand and John H Welsh entitled "Some Decapod Crustacean Neurosecretory Systems." This report is written in English.

Report by Lucie Arvy and Manfred Gabe entitled "Données histophysiologiques sur la neuro-sécrétion chez les Insectes Paléoptères (Ephéméroptères et Odonates)." This report is written in French.

Report by M Dupont-Raabe entitled "Le Role endocrine du cerveau dans la regulation des phenomenes d'adaptation chromatique et de la ponte chez les Phasmides." This report is written in French.

Report by V B Wigglesworth entitled "Neurosecretion and the corpus cardiacum of insects." This report is written in English.

Report by Masashi Enami entitled "The functional significance of beta-neurosecretory cells in *Sesarma*." This report is written in English.

Report by B De Lerma entitled "Osservazioni sulla neurosecrezione in *Hydrous piceus* L (Coleotteri)." This report is written in Italian.

Report by L M Passano entitled "Phase microscopic observations of the neurosecretory product of the crustacean X-organ." This report is written in English.
